

CASE STUDY - HOLT FARM INFANT SCHOOL

"I cannot recommend Playspaces and Nigel Moon highly enough! We had been pursuing quotes for our outdoor area project for 6 months from national and local companies, who had promised the earth but had let us down either by not even bothering to send a quote or taking 12 weeks to send us their quotations which were way beyond our budget.

Nigel took the time to listen, to pay attention to what we were trying to achieve and to guarantee that his firm would do the work in the timescale specified with minimal disruption to the school. From delivering the plans on time, to amending the quote and adding additional detail, Playspaces did everything they had promised and more.

We are so impressed by their workmen and how they have opened up our space - we are now using this space to much better effect and the children are having a great learning experience by using all of the facilities. Thank you for saving us when we were about to give up hope!"
