

SENSORY GARDENS & QUIET SPACES

Are you looking for **inspiration** for your School or Nursery's **Sensory Garden**? Do you have an underused space that could be the perfect setting for a **calming** and **quiet** area where children can go to **relax** and **work**? If the answer is yes, Playspaces can help you to create a scheme that includes elements to **stimulate** all the senses: Touch, Smell, Hearing, Sight and Taste. Allowing pupils to be involved in the design, creation and upkeep of your settings Sensory garden will ensure they get the most from the space.

At Playspaces we can design and create a wide range of sensory areas for our customers, suitable for various of ages, abilities and needs.
